Fibreglass braided sleeving	SYN-FBG
Kevlar / aramid braided sleeving	SYN-KEV
Heat-treated fibreglass sleeving	SYN-HT-FBG

Declaration

Synflex Industries LLP declares that the product families listed above do not contain the following substances in concentrations above the maximum values stated below, by weight in homogeneous materials, in accordance with Directive 2011/65/EU and amendment (EU) 2015/863.

Restricted substance	Maximum concentration
Lead; mercury; hexavalent chromium	0.1% each
Cadmium	0.01%
Polybrominated biphenyls (PBB); polybrominated diphenyl ethers (PBDE)	0.1% each
DEHP; BBP; DBP; DIBP phthalates	0.1% each

Basis and document scope

This website copy consolidates the company-supplied PET / PA declarations and the company-confirmed extension to aramid, fibreglass and heat-treated fibreglass. It is a manufacturer declaration, separate from a third-party test report or certification. For a customer-specific yarn, colour, treatment or construction, request documentation matching the quoted product.
